

From the Pastor March 2022

Dear Covenant family,

This year has brought more health challenges than any other year of my life. From pneumonia and sepsis before Christmas to covid in January and now facing surgery on March 24 to remove a right adrenal mass called a pheochromocytoma, I am grateful for your prayers and support through it all. I know many of you have faced similar or even more difficult times in your life as well.

The toxic positivity culture that we live in would say that we all just need to “be happy” and life will instantly get better – just embrace all of those handy little trite sayings that get thrown around all the time: everything happens for a reason, God wouldn’t give you more than you can handle, etc.

When we face difficulties, it isn’t a false positivity or trite euphemism that will give us what we need to get through. It is the prayers and support of our family and friends and the understanding that God is with us as we walk through the wilderness of life. This Lenten season, let’s pledge to walk in truth and love through the wilderness together seeking to encounter Christ at every turn.

Living into grace,

Pastor Laura
